

Frequency

FREQUENCY

La materia è luce

Secondo la teoria ondulatoria la luce è un'onda che si propaga. Frequency proietta le ombre della sua texture in maniera del tutto simile alle onde del mare o a quelle acustiche. Una stupenda esperienza sensoriale che si tramuta in apparecchio di illuminazione.

According to the wave theory light is a wave that propagates it self into the space. Frequency casts its shadow in a similar way to the sea waves. A wonderful sensory experience that turns into lighting unit.

Frequency

La materia è luce

Frequency è disponibile in diverse finiture. Le finiture foglia oro o argento conferiscono a Frequency un aspetto più suggestivo, mentre la verniciatura a polvere un sapore più contemporaneo.

Frequency is available in several finishes. The gold and silver leaf finish give Frequency an attractive look, the powder coating a contemporary flavor.

Frequency plafoniera è composta da mezzo modulo di sospensione che emerge dal soffitto illuminando l'ambiente sottostante.

Frequency ceiling is composed of half suspension module that illuminates and emerges from the ceiling.
